

Free Wi-Fi

Step by step guide

How do I access the free NHS Wi-Fi?

1 Select **'NHS Wi-Fi'** in your Wi-Fi settings

2 Your phone will then either show a **log on screen** straight away, or you may need to go into your browser and click refresh

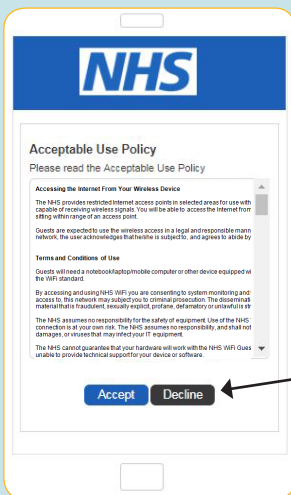

3 Click **'register for guest access'**

4 Enter your **name** and your **email address**

5 On the next screen click **'Sign On'**

6 Then select **'Accept'**

You should now be online!

Free Wi-Fi FAQs

● **Is my Wi-Fi on?**

Check your device settings to ensure Wi-Fi is enabled.

● **I can't see the 'NHS WiFi' option**

Switch your Wi-Fi off and on again to refresh your network options. If it is still not there, and you can see other networks, the NHS Wi-Fi may be unavailable at this time.

● **I can't see the log on page**

Depending on your device, the log on screen will either: automatically load when you select 'NHS Wi-Fi', or you may need to go onto your web browser and navigate to your usual search engine.

● **How long do I have?**

Each guest session lasts 40 minutes.

● **Will NHS Wi-Fi remember me?**

No, you will need to register each time you want to start a new Guest session.

If you are still having issues connecting, you may need to seek assistance with your device.
